RELEASE DATE: Dec. 3rd, 2024

SI SE PUEDE FOUNDATION AND MAGICAL MOTORS TEAM UP TO MODIFY TOY JEEPS FOR LOCAL CHILDREN WITH DISABILITIES FOR 3RD ANNUAL EVENT

Five local kids with disabilities will receive personalized electric toy jeeps, customized with the help of volunteers and generous donors.

Dateline: December 7, 2024- Two Arizona-based non-profit organizations are joining forces to make a difference in the lives of local children with disabilities. The Si Se Puede Foundation and Magical Motors will host a Toy Jeep Hackathon at the Si Se Puede Foundation STEM Center in Chandler, where five children will receive specially modified electric toy jeeps. These modifications will help the kids enjoy greater mobility and independence.

Magical Motors, who helps identify children that will benefit from this event, developed the technique and strategy used to develop custom modifications for each jeep. The Si Se Puede Foundation STEM Center is providing the space, tools, and student volunteers to carry out the modifications, ensuring each child's new toy jeep is tailored to their specific needs.

The event will take place at the Si Se Puede Foundation STEM Center, located at **3225 N. Washington St. in Chandler**, from 8:00 a.m. to 4:00 p.m. Unlike traditional pediatric mobility devices, which can cost upwards of \$25,000 and take years to receive, these modified toy jeeps will be completed in just one day and are offered to the children free of charge, thanks to the support of donors and volunteers.

Schedule:

8:00 am Welcome and Overview Presentation

9:00 am - 11:am Volunteers work on vehicles

11:00 am -12:00 pm Lunch

12:00 pm - 3:00 pm Finish Modifying Jeeps
